

Spring in the library

The libraries at Steve Biko and ML Sultan campuses were a floral delight, as the first day of Spring was celebrated.

Spring heralds vibrancy, life, colour and renewal. It is a time to look at your life afresh and start those new reading projects.

We ask, what is on your Spring reading list?

The DUT libraries have loads of books available for you to borrow, an active book club which you can join and also a growing collection of online books for you to read.

This eye-catching display positioned at the Alan Pittendrigh Library issue desk, was created by an enthusiastic team from the Circulation Dept. Charm Naidoo, Samkelisiwe Dlamini and Mbali Hlope worked together to bring Spring into the library.

Seen here are students enjoying the Spring spirit which pervaded the library.
